GOVERNMENT OF INDIA
RURAL DEVELOPMENT
LOK SABHA

STARRED QUESTION NO:194
ANSWERED ON:05.08.2005
INVESTMENT ON RURAL INFRASTRUCTURE
Kharventhan Shri Salarapatty Kuppusamy;Saroj Shri Daroga Prasad

Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) the steps taken by the Government for creating basic infrastructure for the development of villages;

(b) the name of schemes being implemented in this regards;

(c) the amount spent on rural infrastructure during each of the last three years, State- wise;

(d) whether the Government has proposed a massive investment on rural infrastructure in the coming years;

(e) if so, the amount earmarked and the areas identified for the same;

(f) whether the proposed scheme is expected to generate more employment in the rural areas;

(g) if so, the details thereof; and

(h) if not, the reasons therefor?

Answer

MINISTER OF RURAL DEVELOPMENT(DR. RAGHUVANSH PRASAD SINGH)

A Statement is laid on the Table of the House.

Statement referred to in reply to Lok Sabha Starred Question No.194 to be answered on 5.8.2005.

(a) to (c): The Ministry of Rural Development is implementing Rural Infrastructure Programmes of Pradhan Mantri Gram Sadak Yojana (PMGSY) for Rural Connectivity, Indira Awaas Yojana (IAY) to provide houses to the rural poor and Rural Water Supply Programme. The details of release of Central funds during each of the last three years under the above programmes are at annexure I, II and III.

(d) to (h): The Finance Minister in his Budget Speech 2005-06 announced a Bharat Nirman Programme for the development of rural infrastructure with the total estimated investment of Rs.1,74,000 crores. The components of rural infrastructure identified under the programme are, Irrigation, Rural Drinking Water, Rural Roads, Rural Housing, Rural Electrification and Rural Telephone Connectivity. Bharat Nirman is a four year programme which is scheduled to be completed by 2008-09. However, while the Rural Road Programme would need one more year, the programme of Rural Electrification would extend till the end of the Eleventh Plan. Rural Telephone Connectivity is proposed to be completed in three years. While the main objective of Bharat Nirman is to create basic rural infrastructure, it will also generate more employment in the rural areas directly and indirectly. However, no estimates of employment generation have been made.
